emphasize the exhibits of our manufactured products. In looking at the industries of a community it is easier to acquaint one's elf with the agricultural products rather than the manufactures. It would be better if we took more pterest in what the other fellow is loing-not a curious, gossipy interest, but to ascertain what he rying to accomplish. It is this ympathy in each other's interests hat makes for the success of this republic. We are prone today to he too fond of amusement, good in itself ,rather than take an interest in the present day problems. Our forefathers looked upon matters in a rather serious light and the or run away from them."

"Do You Wonder I'm Proud of My Overland Sedan?"

THE pride that every woman feels in the possession of an Overland Sedan is founded on the worth and beauty of the car itself.

See how beautifully and staunchly the body has been built. See how comfortable and roomy the seats are, how deep and resilient the cushions, and the wonderful Triplex Spring suspension just seems to remove every bump and rut from the road.

And it is so easy to drive-the motor, which uses remarkably little gasoline, seems eager to go on, no matter how steep the grade or how heavy the going. There is a feeling of power to spare.

No wonder people everywhere are buying Overland Sedans.
